

What is it that we remember here that's otherwise forgotten?

This is the question we will focus on during our time with

Carolyn McDade

Saturday, May 1 (10:00 – 5:00 with potluck supper following)

Please bring: an item for the altar which represents a long memory – maybe even longer than the human race... We will focus on who we are and what remains to be done. What seeds of change do we want to plant – or to nurture? How do we stay faithful to our task?

In addition, please bring a dish to pass for the potluck and your own table service (plate, silver, napkin, cup etc.)
