A BEAUTIFUL 2016 DATEBOOK HONORING CAROLYN'S 80 YEARS ON THIS PLANET! ~

A striking 2016 datebook that celebrates Carolyn's 15 recording projects from 1973-2011 is available for purchase. Each month includes a "month-at-a-glance calendar" and a 2-page spread highlighting one or more projects. The weekly pages feature song lines we know and love from the project of the month. Song lines call to images from the natural world, which grace each page ~ all gifted by women from the larger circle. The datebook is over 170 pages ~ all in beautiful colour ~ beginning on winter solstice, 2015, through January 15, 2017. Special touches like the phases of the moon and major Canadian and US holidays are included.
